RWUalive –
WHAT IT IS ABOUT?

With the kickoff of the project „RWU alive" from the end of April we are happy to make you many offerings for professional and social activities all around your studies.

To have a fresh and well-organized start into your studies you may join the **Smart Start**.
This way you'll also get to know the university itself much better!

In the **additional courses** you and your colleagues will have the opportunity to refresh basic knowledge and get professional teaching in a relaxed atmosphere. Additionally the Study Café awaits you! Here may work on your assigements or simply meet your colleagues.

Finally, everyone is welcome to join our **Peer-to-Peer consulting** and **group-coachings** for self-development. All this goes along with many opportunities for your studies and for you personally!

We're looking forward to see you!
